CRITIQUE

It was a great honour to be invited to judge this Championship Show. I was extremely impressed with the overall quality of the dogs - the majority of whom were in wonderful coat. Presentation was of the highest order and complimented our lovely breed.

The show was extremely well organized and my compliments go to all the people who work so hard to ensure that the show was a success. All of the helpers from the Secretary, Stewards and able Catering personnel own other breeds rather than Cavaliers - it says a great deal that these people have joined together for the love of dogs and dog shows rather than for self promotion. All the Cavaliers entered were owned and shown by exhibitors not on the committee.

My husband and I were looked after from the time we arrived until we left - the hospitality and friendship which was shown to us made our first trip 'down under' a most memorable occasion. The exhibitors were extremely friendly and made us feel really welcome - and it was so good to see the enjoyment and congratulations which were shown between the exhibitors to each other. I wish the Canberra Cavalier King Charles Spaniel Club every success for the future and feel that it can only grow stronger with such Members as these.

BABY PUPPY SWEEPSTAKES:

1st - Caribelle The Bailiff - Delightful quality Blenheim puppy with the most attractive head, darkest of eyes and super pigmentation. Well marked coat of rich colour, good bone and well balanced all through. Attractive head with good crest of neck and correct shoulder placement. Held firm topline at all times and moved with drive from strong hocks. A happy cavalier with the ideal temperament.

2nd - Gowheath Dame Zamara - Very pretty feminine bitch with well marked coat and sufficient bone for age. She caught my eye on entering the ring with her good head carriage and overall quality. Correct head and eyes both in shape and colour, good spring of rib and well coupled body. Everything about her is delightful, must be a joy to own!

3rd - Buraba Secret - Sweet little B1ack & Tan just 4 1/2 months of age - showing a great deal of promise for one so young. Good rich tan markings on raven coat, head attractive with expressive eyes. Held a good topline with correct tail carriage, moving positively at all times.

MINOR PUPPY DOG:

1st - Marcavan Magic Circle - A lovely richly marked Blenheim dog - blessed with the lozenge. A gorgeous head with dark eyes and pigmentation, head carried on good crest of neck. Plenty of heart room and well balanced all through he moved with drive from strong hindquarters.

2nd - Ayrhaven Baron - An attractively marked Blenheim dog who won his placing with his positive, strong movement. Well marked body coat of correct silky texture, attractive head and expression.

3rd - Buraba Whispering Willow - Another nicely marked Blenheim dog. Finer in the muzzle as yet than the winners above but with good eyes and pigment. Overall balance was marred by the incorrect tail carriage which spoiled the picture.

PUPPY DOG:
1st - Buraba Paddington Bear - Well marked Blenheim with a pretty head, rather fine in bone, coat of good texture. Moved rather close behind with incorrect tail carriage.

JUNIOR DOG:
1st - Buraba Stormy Weather - Tricolour dog of correct size with attractively marked coat and rich tan markings. Head strong with dark eyes and super pigmentation. Well laid back shoulders sweeping to level topline and strong hindquarters. Tail carriage correct at all times. Took a little while to settle when moving. **BEST JUNIOR IN SHOW.**

INTERMEDIATE DOG:

1st - Inverglen Tim The Toyman - Rather attractive Blenheim dog with the loveliest of expressions, eyes correct in colour and shape, head framed by well set ears. Well balanced all through with good bone - moved quite well both ways carrying his plumed tail correctly at all times.

2nd - Ch Caribelle Heez Rhett - Different type of head here being shorter in the muzzle than 'Tim' - attractive expression from dark eyes, head carried on good crest of neck and correct shoulder placement. Topline level and strong movement from well muscled hindquarters.

3rd - Elcavel Touch O Magic - Heavier marked Tricolour with rich tan markings in all the correct places. I liked this dog very much as soon as I saw him for his overall qualities and handsome head with gentle expression. Well balanced with level topline· and good tail set he moved rather close today.

LIMIT DOG:

1st - Marcavan Firecracker - Another lovely Blenheim in good coat and well presented. Full, gentle expression from head carried proudly on crested neck, well laid back shoulders, good spring of rib and level topline. Strong rear with good turn of stifle - movement positive.

AUSTRALIAN BRED DOG:

1st - Ch Caribelle Curtain Call - Handsome Blenheim (with the lozenge) Gorgeous head, generously cushioned with the darkest of eyes, in full coat with correct crest of neck and shoulder placement - level topline and strong hindquarters which he used with drive. **BEST AUSTRALIAN BRED IN SHOW**.

OPEN DOG:

1st - Ch Yakima Hope Darcy - Attractive, gentle expression from this handsome boy, super eyes and good pigmentation, head framed by generous well set ears. Created a pleasant picture with his overall quality, well balanced with good neck and shoulder placement sweeping through level topline to strong hindquarters. **BEST OPPOSITE SEX & BEST OPEN IN SHOW.**

2nd - Ch Merrigang Talavera - Another handsome boy - coat of good colour and texture, well presented. Carried his head proudly while on the move and used his hocks to his advantage. Not as animated as 'Darcy' when it came to the final placing - I am sure that these two have changed places on more than one occasion!

MINOR PUPPY BITCH:

1st - Ayrhaven Lady - At just 6 months of age she has so much to offer the breed. Lovely head with dark expressive eyes and super pigmentation - head framed by well set on ears. Good neck, sweeping to well laid back shoulders, short coupled with well muscled hindquarters and well turned stifle - hocks strong and firm. Moved beautifully four square with straight front and correct tail carriage. Alert and full of expression she obviously enjoys herself and showed no sign of flagging in the heat. I had no hesitation in awarding her **BEST MINOR PUPPY IN SHOW.**

2nd - Marcavan Dancing Shadows - A lighter marked Blenheim who was unfortunate to meet up with 'Lady' - Well made all through with pretty head and attractive eyes - pigment strong. Not quite so settled on the move but had a pleasing outline when in repose.

3rd - Elcavel Chelsea - A sweet young lady with well marked coat and attractive head - gentle expression. Moved reasonably well covering the ground with ease.

PUPPY BITCH:

1st - Chartruese Alourwysius - Elegant Blenheim bitch who won this class on her movement and overall qualities. Pretty head with good eyes both in shape and colour, good pigmentation. Gentle crest of neck and well placed shoulders, topline level and tail set on

correctly. Movement was not good in this class on the whole but 'Alourwysius' won this with ease. **BEST PUPPY IN SHOW.**

2nd - Buraba Midnight Magic - This sweet Black & Tan took my eye on entering the ring with her lovely outline and gentle expression. Eyes dark and of good shape - at 9 1/2 months of age her head is fine but she has all the essentials which are required there. Ears well set, neck elegant - topline level. First class coat with colour strong and texture like satin to the touch. Movement a little close behind today.

3rd - Buraba Celtic Dancer - Attractively marked Blenheim with clear head markings e good eye and pigment. Well balanced while standing she unfortunately failed in tail carriage.

JUNIOR BITCH:

1st - Kweznay Memphis Belle - Generous head on this young lady with full, dark eyes and the most gentle expression - head framed by full, well set on ears. Elegant neck, well laid back shoulders, topline level. Good bone, strong hindquarters and well turned stifle. Hind movement is not her 'forte' which is a great pity.

INTERMEDIATE BITCH:

1st - Ch Caribelle Sweet Charity - My eventual BEST IN SHOW - What a sweetheart! A richly marked Blenheim who is an absolute delight to handle with everything exactly where it should be! At just two years of age she is a credit to her owner/breeder - Beautiful head with eyes dark and full, super pigmentation, muzzle full and plenty of cushioning under the eyes, head framed by generous ears and with the most delightful expression. Good neck and well laid back shoulders, front straight, short coupled with level topline leading to well muscled hindquarters, well turned stifle and strong hocks. Being of ideal size her movement was a delight to behold being four square and positive. Responsive to all asked of her by her handler, she is all that is asked for in the Breed Standard. I congratulate her owner on her overall condition and superb presentation. Well done!!!

2nd - Kweznay Philadelphia - It was unfortunate that these two met in the same class today. This is a quality young lady with a lovely head and soft expression - correctly shaped muzzle, gently cushioned face - no sign of snipiness at all. Lovely expressive eyes, dark and full, well set on ears. She holds an elegant outline both on the move and standing e in good coat well marked in superb condition she had a level topline. Moving slightly close behind today which when choosing between two lovely ladies made all the difference.

3rd - Ch Tawara Simply Gabriella CD - This tricolour bitch took my eye immediately. With her well marked coat she really is delightful, good rich tan on beautiful silky coat, well presented in first class condition. Gentle full head, expressive dark eyes, good neck and shoulder placement - topline level and correct tail carriage.

LIMIT BITCH:

1st - Buraba Fantasy - Delightfully feminine Blenheim bitch, lovely size in good coat. Very attractive head, with dark eyes and superb pigmentation. Held her head proudly on the move - moved four square using her hindquarters to her advantage. **BEST LIMIT IN SHOW**.

AUSTRALIAN BRED CLASS:

1st - Ch Kweznay Cover Girl - The first two in this class impressed me greatly, two lovely young ladies! 'Cover Girl' is another feminine lady, well balanced all through she has a lovely, gentle expression - with dark eyes and pigment, head framed by well set on ears - no sign of a dome here! Gentle crest of neck, well laid back shoulders sweeping to level topline. A little unsettled on the move when it came to top honours - but a delightful Cavalier.

2nd – Ch Elcavel Rhythm N Jive - I love these richly marked Blenheims! Coat of wonderful colour and silky texture to the touch. The head qualities of Cover Girl apply here - Eyes of correct shape and colour, head carried proudly, good shoulders with front straight Good spring of rib, short coupled with well turned stifle, tail set on correctly.

3rd - Merrigang Sonia Anne - Another Blenheim graced with the lozenge. A different type to the two above being built on more 'angular' lines and a touch larger. Movement not as positive and she appeared to be a little unsettled.

OPEN BITCH:

1st – Ch Buraba Fantasia - A well marked Blenheim in good coat - well presented. This exhibitor had some lovely Cavaliers entered here today all built on similar lines and with the same qualities. This young lady has a lovely head with gentle expression from her full dark eyes and good pigment. Well balanced with good bone and strong rear she held a level topline and moved well both ways.
